Success in math includes mastery of geometry skills and requires children to make connections between the real world and geometry concepts in order to solve problems. Successful problem solvers will be ready for the challenges of mathematics as they advance to more complex topics. The activities in this workbook are designed to help your children catch up, keep up, and get ahead. Best of all, they'll have lots of fun doing it! Some of the great features you'll find inside are:

Structures of the World

Students circle the shape that closely resembles a familiar structure, such as a pyramid, water tower, or a column on the Parthenon.

Around We Go

A variety of familiar objects such as a kite, a pool, and a traffic sign provide practice in calculating perimeters.

Line Counter

Students determine how many lines of symmetry there are in different shapes, numbers, and more.

Location, Location, Location

Tracy's town is adding a park, a pool, a bookstore, and a gym. Using a map, students label the locations from provided coordinates.

Plus!

Game Pieces

The workbook includes pentomino and tangram pieces for students to cut out and use with games, make patterns, and solve tangram puzzles.

Give your child's confidence in math a boost with *4th Grade Geometry Success*.
