Just because you're paranoid, that doesn't mean someone isn't out to get you.

Things were going well for Abe. Despite all of his past struggles with mental illness, he was happily married, had three wonderful children, a nice home, and a fantastic consulting business that satisfied his creativity and brought in a good income. But you can never get too comfortable.

When Abe becomes a prime suspect in a jewel heist—one of the largest successful jewel heists in history—his schizophrenia becomes unmanageable and everything begins to spiral out of control. Abe's own investigation into the heist has the jewel thieves hot on his tail... but are they really, or is he just losing the battle against his inner demons?
