TERROR COMES TO SIN CITY. Bizarre murders. Disappearances. Suicides. Sightings of strange creatures in the night. The strangeness soon snowballs out of control, with people turning insanely violent without warning and sinister cults growing bolder and more dangerous. Nightmares come to life and monsters walk the streets of Las Vegas. And all those events are but a prelude to something far worse. Darkness is coming. A police detective, a street gang member, an exotic dancer and a visiting tourist cross paths with a bizarre collection of occult troubleshooters trying to prevent the looming disaster. Their actions will determine whether or not Las Vegas will be destroyed by the occult forces gathering around it - and whether or not the rest of the world will follow. Shadowfall: Las Vegas is set in the same universe as the short story Bad Vibes (<http://www.amazon.com/Bad-Vibes-C-J-Carella-ebook/dp/B00MAYJCVM/>). It's a horror-action novel with a dash of humor and film noir sensibilities, with a diverse and compelling cast of characters, Lovecraftian undertones and more than a few zombies.
