## **In Their Arms** Thomas Moore

Taking place across a mutating set of darkrooms, art galleries, blank apartments and bedrooms; *In Their Arms* is an acute inspection of loneliness, desire and confusion. The narrator attempts to simultaneously find himself and become lost completely in a world of sex, internet hook-ups, drugs and pleasure. Within the arms of nameless and unknown lovers, a strange, often conflicted spirituality is hinted at. In Thomas Moore's second novel, he uses a deft and purposely layered prose to create a grey area of illusions and smokescreens, where needs and fears entwine, often becoming the same thing. *In Their Arms* is a disturbingly seductive assault from one of the most exciting new voices in experimental fiction.
