## **Fractaling** Mr. Eusebio J. Sandoval

Alexander survived a crash-landing as an infant on Saturn's moon Rhea. Fortunately Celia, the only other survivor, raised him until the age of nine, when she died. In years of solitude, he had a vision that Earth would be destroyed by a collision with a celestial object the size of Neptune. When he was rescued at age twenty and returned to Earth, he invented time travel to avoid the coming disaster, and created a new religion rooted in the EDM scene to recruit the few he could take with him. "Fractaling" follows the paths of a Buddhist, a Christian, and a Muslim as their spiritual journeys intersect with Alexander's. It takes place all over the world, as Alexander goes to Macao and Russia, the Buddhist goes to France, the Christian goes to Belize, and the Muslim goes to Syria, and then return.
