Betting on MMA combines three of Jason Rothman's passions: mixed martial arts, gambling, and value investing. Rothman has taken concepts from gambling theory and Warren Buffett's value investing and applied them to MMA betting. The book lays out a very effective and profitable approach to MMA betting.

The concepts covered in Betting on MMA will improve your MMA betting and help you make money. Taking Rothman's value investor approach to MMA betting and combining it with your own passion for and knowledge of MMA is a winning combination.

In Betting on MMA, Jason Rothman shows you:

- * Who your opponent is when you bet on MMA (it is not "the house")
- * How to read the odds and handicap fights
- * When it is profitable to make a bet
- * Specific tools to help predict fights
- * The powerful "Paths to Victory" approach
- * The "hype" and why it is so important to MMA betting
- * Intangibles that every MMA bettor needs to pay attention to
- * Real life examples of "Big Game Hunting" that show just how low risk and high reward MMA betting can be

Betting on MMA will have you thinking about MMA betting in a whole new way.

The relative newness of mixed martial arts and its rising popularity provide for some extremely low risk and high reward betting opportunities. It is now time for you to take advantage and profit from them!
