## **Christian Democracy in Venezuela (Enduring Editions)** Donald L. Herman

Herman analyzes the evolution, history, ideological development, and internal structure of the Christian Democratic party of Venezuela from the end of the Gomez dictatorship (1935) to the present. This is also the first in-depth study of the government of former President Caldera--a time in which Venezuela's primary natural resource, petroleum, began to play the enormous economic, industrial, and political role that it continues to play today.
