Having it Both Ways (The Lust Diaries) Tasha L. Harrison

Yves Santiago has always prided herself on knowing how to be alone, but in the wake of her break up with Elijah Weinstein she seems to have forgotten everything she ever learned. Boys and booze don't seem to fill that emptiness as easily as it had before and as depression threatens to take her under she turns to the one thing that has always buoyed her: writing. Alarmed by her depressive blog posts and concerned about her mental well being, Yves's family and friends rally around her along with the one person she least expected to reenter her life, Julian Webster. His sweetness and caring turns out to be exactly the thing she needs to rebuild her confidence in herself and her talent. Yves works her way back to some semblance of normalcy but as her book moves toward publication she knows that she will have to face Elijah. Will the confidence she worked so hard to rebuild crumble in his presence?
