Norberto Bobbio

Left and Right: The Significance of a Political Distinction (Themes for the 21st Century) Norberto Bobbio

Following the collapse of communism and the decline of Marxism, some commentators have claimed that we have reached the 'end of history' and that the distinction between Left and Right can be forgotten.

In this book - which was a tremendous success in Italy - Norberto Bobbio challenges these views, arguing that the fundamental political distinction between Left and Right, which has shaped the two centuries since the French Revolution, has continuing relevance today.

Bobbio explores the grounds of this elusive distinction and argues that Left and Right are ultimately divided by different attitudes to equality. He carefully defines the nature of equality and inequality in relative rather than absolute terms.

Left and Right is a timely and persuasively argued account of the basic parameters of political action and debate in the modern world - parameters which have remained constant despite the pace of social change. The book will be widely read and, as in Italy, it will have an impact far beyond the academic domain.
