Practice Marketing is an **online, interactive learning environment** that simulates the full marketing mix including market segmentation, product, pricing, promotion, and place. Using knowledge built in the Principles of Marketing course, students become a marketing manager in a company entering the backpack market. By making decisions and seeing the results, players get feedback on their actions, and **learn by doing**. Players then review and can amend their decisions to react to their competitors' decisions. **Powerful assessment, reporting, and debriefing** tools complement this educational process.
