Everything You Need To Know about the Human Body by Patricia Macnair

Understanding the human body is a core subject for early childhood education, but it is difficult to find a comprehensive reference that is both scientifically detailed and age appropriate for the youngest readers. Now the team behind *Everything You Need to Know about Science* brings children this fun and informative guide to all things bodily. Broken into ten easy-to-use thematic chapters covering a wide range of topics including parts of the body, food and digestion, the brain and the senses, the organs, movement, and growing and changing, and featuring over 2,000 full-color artworks, child-friendly writing, and supplementary materials like hands-on activities, vocabulary, stories, things to find, fascinating facts, and links for further exploration, this book's comprehensive content and accessible approach make it the perfect resource for home or the classroom.
