She's just a librarian. Why can't vampires keep their hands off her?

When librarian Shekeia Lincoln was attacked in an alley on the way home from work, and two white men came to her rescue, that was strange by itself.

Sure, they were incredibly attractive. When they told her that she'd been attacked by monsters, and that the monsters worked for a vampire, they seemed even stranger.

But just when it starts to seem more and more like they're telling the truth, she discovers something terrifying about her saviors.

Now Shekeia has to wonder which is more dangerous: what's outside, or the men she let in.
