Arabian Nights, in 16 Volumes: Vol. VII

Arabian Nights, in 16 Volumes: Vol. VII

Notorious for the delight he took in tweaking the sexual taboos of the Victorian age-as well as the delight he took in the resulting shock of his bashful peers-British adventurer, linguist, and author CAPTAIN SIR RICHARD FRANCIS BURTON (1821-1890) is perhaps best remembered for his unexpurgated translation of the Eastern classic The One Thousand and One Nights, more famously known today as The Arabian Nights. Originating in Persian, Indian, and Arabic sources as far back as the ninth century AD, this collection of bawdy tales-which Burton was the first to bring to English readers in uncensored form-has exerted incalculable influence on modern literature. It represents one of the earliest examples of a framing story, as young Shahrazad, under threat of execution by the King, postpones her death by regaling him with these wildly entertaining stories over the course of 1,001 nights. The stories themselves feature early instances of sexual humor, satire and parody, murder mystery, horror, and even science fiction. Burton's annotated 16-volume collection, as infamous as it is important, was first published between 1885 and 1888, and remains an entertainingly naughty read. Volume VII includes: • "Harun Al-Rashid and the Arab Girl" • "Al-Asma'i and the Three Girls of Bassorah" • "Ibrahim of Mosul and the Devil" • "The Badawi and His Wife" • "The Lovers of Bassorah" • "Ishak of Mosul and His Mistress and the Devil" • "Story of Prince Sayf Al-Muluk and the Princess Badi'a Al-Jamal" • and others.
