Diving & Snorkeling Maldives (Lonely Planet Diving & Snorkeling Maldives) Casey Mahaney, Astrid Witte Mahaney

Scattered like rings across the Indian Ocean, the 26 atolls that comprise the Maldives are a diver's mecca. Encompassing channels, pinnacles and walls, the sites here have lyrical names that match their beauty. While hard corals recover from recent coral bleaching, the reefs still thrive with vibrant soft corals, sponges and anemones. Prolific fish life ranges from funny little blennies to massive, friendly Napoleonfish. Divers are transported to the reefs on colorful traditional dhonis and luxurious safari dive boats. This book describes 78 of the best sites in the Maldives, with full-color photos taken in the wake of El Niño damage.

You'll get specific information on:

- dive site topography and access
- safari boats, including contact information
- resort islands across the archipelago
- travel logistics and topside attractions
- 13 easy-to-read maps
