GO! with Microsoft Office PowerPoint 2003 Comprehensive Shelley Gaskin, Alicia Vargas

Written for a diverse audience (all ages, different educational backgrounds, varying educational goals), this book allows for self-paced or online learning. The primary goal of *GO! Series: Microsoft PowerPoint 2003 Comprehensive Edition* is to teach Microsoft PowerPoint 2003 quickly and easily, with an approach that is based on clearly-defined projects. A key feature of the book is the use of Microsoft procedural syntax: steps begin with *where* the action is to take place, followed by the action itself. The instruction is error-free, clearly written, and logically arranged. This book provides users with the skills to solve business problems using the computer as a tool. Combining the information presented in Volumes 1 and 2, the Comprehensive edition covers the following topics: getting started with PowerPoint; creating a presentation; formatting a presentation; enhancing a presentation with graphic elements; advanced presentation graphic techniques; delivering a presentation; presenting information using tables, charts, and organization charts; and creating a custom presentation for publication on the web. An efficient and handy guide for anyone who needs a good working knowledge of Microsoft PowerPoint 2003.
