Without doubt, **Textbook of Hemophilia, 3rd edition** is *the* definitive reference source on all aspects of haemophilia including diagnosis, management and treatment. Edited by three, world-renowned experts on haemophilia, this completely revised resource features chapters written by over 60 international contributors with international expertise in caring for haemophilia patients.

Textbook of Hemophilia, 3rd edition

- Features eight new chapters, covering individualised dosing, vCJD and haemophilia, new drugs in the pipeline, and surgery in inhibitor patients
- Presents new developments, such as gene therapy
- Highlights controversial issues and provides advice for everyday clinical questions
- Represents essential reading for all healthcare professionals involved in the care of those with haemophilia
