**These Bees Count!** Alison Formento

How do bees count? The bees at the Busy Bee Farm buzz through the sky as one big swarm, fly over two waving dandelions, find three wild strawberries dripping tasty nectar... As the children in Mr. Tate's class listen, they learn how bees work to produce honey and make food and flowers grow. Bees count--they're important to us all. Alison Formento's gentle message is illustrated with Sarah Snow's bright, realistic papercuts.

### From reader reviews:

#### Matthew Coleman:

Do you have favorite book? For those who have, what is your favorite's book? Publication is very important thing for us to find out everything in the world. Each publication has different aim as well as goal; it means that guide has different type. Some people truly feel enjoy to spend their time and energy to read a book. They may be reading whatever they have because their hobby is definitely reading a book. Think about the person who don't like examining a book? Sometime, individual feel need book after they found difficult problem or exercise. Well, probably you will require this These Bees Count!.

#### Margaret Honig:

In this 21st hundred years, people become competitive in each way. By being competitive now, people have do something to make these people survives, being in the middle of often the crowded place and notice through surrounding. One thing that often many people have underestimated it for a while is reading. Yep, by reading a publication your ability to survive boost then having chance to stand up than other is high. For yourself who want to start reading some sort of book, we give you this kind of These Bees Count! book as starter and daily reading publication. Why, because this book is more than just a book.

#### Chester Brown:

Playing with family within a park, coming to see the coastal world or hanging out with pals is thing that usually you may have done when you have spare time, after that why you don't try thing that really opposite from that. One particular activity that make you not experience tired but still relaxing, trilling like on roller coaster you are ride on and with addition of knowledge. Even you love These Bees Count!, it is possible to enjoy both. It is great combination right, you still desire to miss it? What kind of hang-out type is it? Oh can occur its mind hangout fellas. What? Still don't understand it, oh come on its known as reading friends.

#### Sean Martinez:

As a college student exactly feel bored in order to reading. If their teacher requested them to go to the library or to make summary for some e-book, they are complained. Just tiny students that has reading's spirit or real their passion. They just do what the instructor want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that reading is not important, boring and also can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this age, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this These Bees Count! can make you really feel more interested to read.
