Super Searchers on Health & Medicine: The Online Secrets of Top Health & Medical Researchers (Super Searchers series) Susan Detwiler

Ten of the world's leading online medical researchers share tips and techniques on using the Internet to research diseases, treatments, and related information. This book explains how to recognize the warning signs of medical quacks, scams, and sales pitches; how to track down the credentials of a "medical expert"; and which sources remain the best for researching clinical medicine. This book also includes a glossary of terms and a directory of recommended resources. The Super Searchers Web site features links to the most important Internet resources for health and medical researchers.
