The Political Economy of Monetary Union (International Library of Critical Writings in Economics)

The Political Economy of Monetary Union (International Library of Critical Writings in Economics)

The Political Economy of Monetary Union presents an important collection of the most influential articles covering different areas in this expanding field. The volume brings together both the classical articles which have laid the foundations for the theory of optimum currency and the resulting empirical literature. Further papers focus on the issues of fiscal policy, the design and operation of the central bank in a monetary union and the problems of transition to monetary union. This authoritative volume is essential reading for all scholars, students and practitioners interested in the issues relating to economic and monetary unification.
