The Dawn of Genius: The Minoan Super-Civilization and the Truth About Atlantis Alan Butler

The Dawn of Genius puts back into the place the missing pieces of the puzzle that is Europe prior to a massive watershed in population and culture that took place after 2,000 BC. A cataclysmic volcanic eruption in the Eastern Mediterranean destroyed an almost totally forgotten infrastructure that encompassed an entire continent, and opened Europe to an unparalleled invasion of much less sophisticated people from the East. The book recreates the culture and religion and scientific knowledge that was shattered in an instant and which plunged the world into a dark age from which it has taken over 3,000 years to emerge. This is probably the most comprehensive explanation of mysteries from a truly ancient world that has ever been written. Those interested in exploring the genuine origins of the modern world are certain to be enthralled.
