Phenomenology and Skepticism: Essays in Honor of James M. Edie (Studies in Phenomenology and Existential Philosophy)

This volume of essays honors the extensive contributions of James M. Edie to the development of phenomenological thought. Grounded in Edie's emphasis in Husserl's confrontation with skepticism, the essays provide an in-depth analysis of Husserlian and neo-Husserlian responses to skepticism and relativism. Led by an informative introduction by the volume editor, Brice R. Wachterhauser, and featuring essays by thirteen contributors, including Edie himself, this volume confirms both Edie's lasting influence and the continued relevance of Husserlian thought in contemporary philosophical debate.
