Silent Awakening: True Telepathy, Effective Energy Healing and the Journey to Infinite Awareness

Eric Pepin

THE LEGEND OF THE PHOENIX is well known. *The mythical bird returns to the place of its origin to die in a burst of flame, only to rise up from the ashes, resurrected, stronger than before.*

Imagining this extraordinary event, the most powerful element is the brief, silent moment between the explosive end of this noble creature and its wondrous rise. Infused and radiating all the power and glory of creation. That one, perfect moment where the entire universe is still and present. Poised between an end and a new beginning.

Picture yourself on the edge of a cliff above the ocean, gazing out across the horizon just before dawn. In the breath before the sun blazes to life, rising from the sea, you reflect, let go and embrace your total nature. It is a death. A birth.

A silent awakening . . .

If you yearn to discover:

- * **How to tap into an endless flow of knowing, inner peace and vital energy**
- * **A technique designed to direct the power of energy healing through every cell in your body**
- * **How to go beyond reading facial features to access the higher state of true telepathy**
- * **How to remove emotional and energetic blockages, that might be keeping you in place**
- * **How to tune into thoughts in a crowded room (and why it can be easier than you think)**
- * **The best way to begin practicing telepathy**
- * **How to let go of the past, or habits and patterns you may be stuck in like thick, sucking mud**
- * **The technique to rewrite past memories and heal psychic attachments**
- * **How to use telepathy to change elements in others dreams (easy to test with a partner)**
- * **How to use changes in your perception of reality to rapidly evolve your consciousness**
- * **How some moments of deja vu, sudden insights and important decisions may be intentionally directed by your future self and the way to make this happen more often**
- * **How to open your life up to more possibilities and invitations from the Universe to follow a greater purpose**

* **How to receive guidance from your future self and send messages and direction to your past self**

* **How to properly broadcast thoughts to another person**

* **The technique of breathing forgiveness (and why this is most effective when you forgive yourself not others)**

* **How to sharpen your sixth sense and intuition for anything else you apply it to**

... then *Silent Awakening* is for you.

When you read *Silent Awakening*, like the great Phoenix, you will find what often feels like death, is instead rebirth. Your soul transformed; forged anew.
