Why Salvation? (Reframing New Testament Theology) Joel B. Green

Salvation is the bedrock of our faith and the touchstone for faithful living. It is the good news of God drawing near to us as individuals but also as communities of faith. This book helps us understand that when we say "Jesus saves," we stand on scripture that proclaims a God who, through Jesus, heals, liberates, and rescues. Like each generation that has gone before, we too must find our own awareness and then respond and participate in God's work as transformed people, serving together as the Body of Christ, who have also signed up for ongoing, personal and social transformation.

This book is an invitation to a journey of salvation oriented toward increased understanding but also to transformed commitments, renewed allegiances, and fresh practices. To address the grand narrative of Scripture in a way that takes seriously its essential focus on the journey of salvation is to open ourselves to fresh (and perhaps refreshed) perspectives on the world and, thus, on life in the world. In this book Joel Green show how salvation can illumine new categories for conceiving the world, for making sense of our experiences, and for directing our lives.
