*Large format paperback*

*381 pgs*

*Part of series, but also able to be read as a standalone.*

A quirky, snarky and absurd contemporary dark fiction novel. The ups and downs of teenage angst are magnified when viewed through the stories lens of religion, mythology and dogma.

With characters representing the best and worst of humanity and not shying away from adult themes, but managing to suppress the need for unnecessary sex and violence.

### **Where do I belong? Why am I here? Will they even know if I am gone?**

All of these questions will be answered as well as ones regarding the degrees of love in relation to inter-dimensional relations. Using extensive research on the various subjects covered and then paired with pop culture and a storytelling style reminiscent of the oral traditions handed down from Native American (Navajo) traditions, *Comedic Divinity: Fateless* will be the first step into a new series of unique novels from *Jae Xerrano*.
