Phillip March Jones: Points of Departure: Roadside Memorial Polaroids

As the founder of Institute 193 in Kentucky, and the director of the Souls Grown Deep Foundation in Georgia, Phillip March Jones is an active presence in the thriving photography culture of the American South. Despite his busy career, Jones' newest book is about slowing down. *Points of Departure* is a collection of Polaroid photographs documenting memorials on the sides of highways, interstates, main-streets and back roads. This volume, handsomely produced by the august Jargon Society, offers a gently haunting portrait of these often ephemeral memorials, drawing out their folk-art qualities.
