Prenatal Diagnosis and Treatment of Spina Bifida (Fetal Diagnosis and Therapy)

Prenatal Diagnosis and Treatment of Spina Bifida (Fetal Diagnosis and Therapy)

Special Topic Issue: Fetal Diagnosis and Therapy 2015, Vol. 37, No. 3 In this issue the authors from The Children's Hospital of Philadelphia along with international colleagues share findings and present best practices gleaned from – and subsequent to – the MOMS (Management of Myelomeningocele Study) trial. They provide a detailed account of the specific roles the different diagnostic and imaging modalities [maternal serum alpha-fetoprotein (MSAFP), ultrasound, magnetic resonance imaging (MRI), and echocardiography] played in diagnosis, treatment, and monitoring. Nuances of the fetal myelomeningocele (MMC) repair technique and long-term urologic functional outcomes as well as the progress towards fetal MMC repair using tissue engineering techniques are evaluated and analyzed in this publication. Find out about the fetal MMC repair outcomes at The Children's Hospital of Philadelphia since the MOMS trial concluded! This issue is directed at obstetricians, maternal-fetal medicine specialists, pediatric surgeons, neurosurgeons, neonatologists, radiologists, anesthesiologists, cardiologists, geneticists, pediatricians, nurses, and social workers who play a crucial role within the multidisciplinary teams that manage fetuses with anatomic or genetic defects.

Playing with family within a park, coming to see the sea world or hanging out with good friends is thing that usually you could have done when you have spare time, after that why you don't try factor that really opposite from that. 1 activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love Prenatal Diagnosis and Treatment of Spina Bifida (Fetal Diagnosis and Therapy), you could enjoy both. It is good combination right, you still need to miss it? What kind of hang type is it? Oh seriously its mind hangout men. What? Still don't get it, oh come on its called reading friends.

Emma Peterson:

As a scholar exactly feel bored for you to reading. If their teacher inquired them to go to the library in order to make summary for some reserve, they are complained. Just very little students that has reading's spirit or real their pastime. They just do what the professor want, like asked to go to the library. They go to at this time there but nothing reading critically. Any students feel that examining is not important, boring as well as can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this Prenatal Diagnosis and Treatment of Spina Bifida (Fetal Diagnosis and Therapy) can make you experience more interested to read.
