The Midnight Guardian: A Millennial Novel Sarah Jane Stratford

It's 1938, and Hitler's tentacles have commenced their stranglehold on Europe. The Nazi empire will soon be purged of all "tainted" bloodlines...including vampires.

London's ancient tribunal of vampires is aghast at the destruction taking place on the Continent and resolves to send its five most formidable vampires? immensely powerful "millennials" who have lived more than a thousand years? to infiltrate and destroy the Nazis. Brilliant and beautiful millennial Brigit is loath to go, for it means leaving behind her vampire lover Eamon, whom she made eight centuries ago. But go she must; her powers are needed if the mission is to have any chance of success.

As the millennials attempt to penetrate and sabotage Hitler's armies, they discover that the Nazis are more capable and more monstrous than they'd ever imagined. Forced to take bolder, more dangerous steps, they soon attract the attention of specially trained vampire hunters loyal to Hitler and his vision of a vampire-free world. Exposed, deep inside enemy territory, with vicious Nazi officers and hunters at her heels, Brigit must attempt a daring escape from the Continent, guarding precious cargo that marks the only hope of salvaging their mission.
