Algebra: 100 Reproducible Activities

Algebra: 100 Reproducible Activities

A top-selling teacher resource line, The 100+ Series(TM) features over 100 reproducible activities in each book!

Algebra links all the activities to the NCTM Standards and provides students with practice in the skill areas necessary to master the concepts presented in a first course in algebra. Reinforcing operations skills plus activities that focus on order of operations, solving equations, dealing with inequalities, monomials, binomials and polynomials, factoring, plotting coordinates, graphing, and exercises involving radicals are all part of this book. Examples of solution methods are presented at the top of each page and puzzles and riddles gauge the success of skills learned. The numbers of the related standards for each activity can be found in the table of contents. An answer key is also provided.
