The Forgotten Horses

Tony Stromberg, Robert Redford

The Forgotten Horses Tony Stromberg, Robert Redford

When horses outlive their usefulness to humans, they are often treated as disposable — auctioned off and sent to the slaughterhouse. But thanks to the work of rescue organizations and horse sanctuaries, many of these formerly unwanted horses are enjoying genuine appreciation and newfound freedom. The horses in this book were abused, neglected, abandoned, rejected. They are lame, old, blind, or just unattractive according to modern ideas of beauty. Some are crossbreeds with no clearly defined bloodline. Others are wild horses that have been forced off public lands. They are enjoying a second chance to live a meaningful and dignified life. They are here to teach us different measures of value, measures we have almost forgotten.

To document these remarkable creatures, acclaimed equine photographer Tony Stromberg traveled to sanctuaries across North America. While many horse books focus on exotic, flashy breeds or famous thoroughbreds, Tony chose to capture the soul of “working-class” equines — many enjoying love and freedom for the first time. Through gorgeous photography, *The Forgotten Horses* reveals the profound spirit of these amazing animals and honors the people and sanctuaries that have offered them a well-deserved home.
